5.8.1. require that you provide us with a security deposit (or increase any security deposit held by us), bank guarantee, parent or personal guarantee or such other form of security or guarantee that we may request, all on such terms and from such party as may be acceptable to us; and/or

5.10. If we require provision of a deposit, security or guarantee and you fail to provide a deposit, security or guarantee within 14 days of our request, such failure shall be deemed to constitute a material breach of the Agreement and we shall be entitled to either:-

5.10.1. terminate the Agreement forthwith by writing notice to you; or

5.10.2. vary the Charges immediately upon notice to you.

6. METERING

6.1. Upon request by us at any time and from time to time, you will provide us with true, complete and accurate details of the metering equipment and meter reading arrangements in place in respect of each of the Premises. You will give us notice as soon as possible where any changes are made to a Supply Point or the metering equipment or meter reading arrangements relating to such Supply Point or where there has been any damage to or interference with any metering equipment.

6.2. If for any reason whatsoever it is necessary to change the metering equipment or the meter reading arrangements during the term of the Agreement for all or any of the Premises (including, without limitation, where the metering equipment or meter reading arrangements do not comply with the requirements of the Act or Industry Agreements or we are unable to calculate the Charges payable by you under the Agreement), we will be entitled to arrange for the installation, maintenance replacement of the metering equipment and/or change the meter reading arrangements for such Premises.

6.3. If we incur any costs, charges or expenses in connection with the installation, maintenance or replacement of metering equipment or change to meter reading arrangements in terms of Condition 6.2, you will pay to us within 14 days of demand the whole amount of such costs, charges and expenses.

6.4. We are not responsible for any faults in metering equipment that we do not own or provide to you.

6.5. If you or we believe that metering equipment is not accurately measuring the amount of gas or electricity supplied to any Premises and as a result, you or we are bound or entitled in terms of the Act and the Industry Agreements for the accuracy of the metering equipment to be tested, then where we are bound to undertake such test or either or us requests such test to be undertaken, the metering equipment shall be tested in accordance with the Act and the Industry Agreements as soon as practicable. If the metering equipment is found to be working within the limits of accuracy required by the Act or the Industry Agreements, the cost of such inspection and testing will be borne by whoever disputed the accuracy of the metering equipment. If the metering equipment is not working within the limits of accuracy required by the Act or the Industry Agreements, you shall be responsible for all costs incurred except where the Meter Operator has been appointed by us.

6.6. If you wilfully damage or interfere with metering equipment, such damage or interference will be deemed to be a material breach of the Agreement and we shall be entitled to terminate the Agreement.

You will give us and the Agents full, free and safe rights of access to the Supply Points and the Premises at all times and on such notice as may be reasonable or required under the Act (if any). If we are unable to gain full, free and safe rights of access to any Supply Point or Premises, we will give you written notice of that fact and if you do not remedy the situation within one month thereafter, we shall pass through to you any additional costs, charges and expenses incurred by us as a result.

6.8. You shall indemnify us against all liabilities, costs, expenses, damages and losses (including but not limited to any direct, indirect or consequential losses, loss of profit, loss of reputation and all interest, penalties and legal costs (calculated on a full indemnity basis) and all other reasonable professional costs and expenses) suffered or incurred by us, our agents and contractors in connection with (i) your interference with gas or electricity metering equipment and (ii) the theft of gas or electricity at any Premises.
